**Subject:** Thiamethoxam documents for 2020 OIG inventory of old neonic chemicals -- Q 3 and 5  
**Attachments:** Thiamethoxam EFED Technical Screen 1.pdf; Thiamethoxam EFED Technical Screen 2.pdf; Thiamethoxam EFED Risk Assessment Drench and Foliar 11-1-2000.pdf; Thiamethoxam EFED Risk Assessment Foliar 11-1-2000.pdf; Thiamethoxam EFED Risk Assessment Sect 18 canola 12-14-991.pdf; Thiamethoxam EFED Risk Assessment seed trt 12-14-2000.pdf

Hi Meredith,

Attached above are the EFED screens for Thiamethoxam (1 and 2) that answer question #5 of the OIG. I am still searching to see if HED conducted a screen.

I have also attached 4 EFED Risk Assessments including the requested 12/14/2000 for seed treatment use. These documents fulfill question #3 of the OIG. Note, the Thiamethoxam HED RA in the OIG's chart dated 9/1/2000, covers all the uses listed in the 4 EFED RA's above (foliar, drench and seed trt for various crops). That is why I didn't just add the 12/14/2000 seed treatment Risk assessment.

I'll search more tomorrow.

Best,
